

LUXURY PLACES SA
FINE HOMES OF SWITZERLAND

An International
Associate of Savills

LAKE GENEVA

www.luxury-places.ch

Tel: +41(0)848.589.589

Luxury Places SA is a Swiss company, with offices in Geneva and in Lausanne, specializing in charming and luxury real estate in Switzerland and abroad. We are organized in three business lines:

- Luxury Places, prestige properties on Lake Geneva and in the Alps
- Cotélaç, charming properties in Lake Geneva region
- International Showcase, residential or investment realties abroad

Luxury Places specializes in buying, selling and promoting exceptional properties and does not deal with anything outside this very specific segment. We can thus guarantee vendors a perfect positioning for their property, while buyers are only shown properties in keeping with their search criteria.

Luxury Places works exclusively with local and international clients, High Net Worth Individuals (HNWI), looking to acquire a main residence or a holiday home. We propose a large selection over 200 luxury properties in the region. Our clients are highly exceptional and so are the properties we sell, each treated individually so as to guarantee vendors and buyers maximum service with minimum inconvenience.

LUXURY PLACES
PROPRIÉTÉS DE PRESTIGE

At *Cotélac*, the properties sold are meticulously selected in order to meet aesthetic and demanding buyers' expectations. As a result, the quality of our portfolio and our range of services takes precedence over the quantity of listed properties. We give priority to architectural ambition, construction quality, finishing touches, interior aesthetics and layout, the nature of the location and neighborhood, all from the point of view of offering our clients a home that perfectly suits the quality of life offered by the region where we position ourselves

COTÉLAC
PROPRIÉTÉS DE CHARME

International Showcase offers the best in terms of properties abroad. Acting as an International Associate of Savills, with 600 offices in the world, we assist you in all your projects worldwide
